BENTELER 
Distribution

**SPECIAL
SERVICES**

The demand from our customers for additional services, especially multi-cutting, deburring and washing has led to the installation of an impressive range of equipment being installed at our warehouses. Throughout the company we have over 18 saws ranging from the largest for cutting tube up to 546mm od. to the much faster smaller saws capable of cutting up to 120mm od. at rates of 3000 peices per hour.

We have automatic deburring facilities and can arrange Special Process Control on request.

In-house facilities for swageing and swelling are also available.

Other Services available include:

- Angle end cutting
-
- Laser profile cutting
-
- Bevelling
-
- Special Plating
-
- Zinc Plating
-
- Sheradising
-
- Honing
-
- Rough machining
